REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: prior art of record taken alone and/or in combination with other does not disclose the limitation of first terminals for connecting to a USB bus; a transceiver for transceiving for both a USB host and a USB device, the transceiver having a USB interface, a host interface and a device interface, the USB interface being coupled to the first terminals; a host controller coupled to the host interface, the host controller having a parallel data/address bus in combination with other recited limitations.

In addition, the claimed invention is advantageous over the prior art of record for providing USB apparatuses that are capable of functioning both as host and as device and that more fully use existing circuits that provide a USB device controller and providing an interface integrated circuit that enables existing circuits with a USB device capability to function both as a USB device and as a USB host.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
